

CHAUFFEUR SERVICE IN CHINA

FAST TRACK · AIRPORT TRANSFER · CHAUFFEUR SERVICE

The most common mode of transportation for an expatriate moving to China is a car and driver. ExpatRide offers chauffeur service in over 90 cities in China. Our Chauffeur Service Program was created to assist expats with smooth and convenient transportation for the duration of their assignment.

THE PROCESS

All initiations are sent to CARS@ExpatRide.com. A Customer Relations Manager will contact the assignee and make the transportation arrangements as authorized. Our team coordinates with the local suppliers and keeps the relocation consultant informed along the way.

FAST TRACK

Pass through immigration with expedited fast track assistance and customs processing.

AIRPORT TRANSFER

Book hassle-free airport transfers for a convenient and safe arrival after a long flight.

CHAUFFEUR SERVICE

Daily, weekly, monthly to yearly programs with dedicated drivers.

Most often the assignee is unfamiliar with the surroundings of a new city. We can offer the convenience of being picked up by a chauffeur and driven safely to the desired locations. The chauffeur service can cover much of a family's needs of transportation throughout the day.

Our company is considering leasing a car in China for our executive, but the traffic in her new city seems daunting. Is there a better alternative to a lease?

Yes, in our experience chauffeur service is the safe alternative to navigate many Chinese cities. Contact us to find out more!

Are there English-speaking drivers available?

Yes, we can make arrangements for an English-speaking driver. Please allow us 14 days to coordinate with our Chinese supplier.

What are the terms for cancellation of the chauffeur service?

The cancellation notice is 30 days.

Can an expat pay for the car and driver service themselves?

No. At this time we only offer chauffeur services that are paid for by our relocation management partners.

What condition are the cars?

The cars are in well-kept condition, usually between 1-3 years old.

What are the details of the insurance for Chauffeur Service?

Compulsory traffic accident liability insurance; third party liability -1,000,000 CNY and free of exemption; car damages insurance and free of exemption; driver and passenger seats liability - 50,000 CNY/seat and free of exemption.

EcoRide

by ExpatRide

Cars emit carbon dioxide and other greenhouse gases, which contribute to global warming and pollution. Many of our clients and their employees are concerned about the environment and pollution. As a result, they seek ways to lower their CO2 emissions when relocating employees.

Therefore, we at ExpatRide have taken the initiative to reduce our services' carbon footprint while driving demand for greener cars in our suppliers' fleets worldwide.

Our EcoRide Program has three climate impact purpose driven initiatives:

- Vetting of our Global Supplier Network for hybrid or electric vehicles
- Motivating, Assisting and Pushing greener choices
- The "EcoRide Choice" Program

THE ECORIDE PROGRAM

GLOBAL SUPPLIER NETWORK

Prioritized according to their environmentally-friendly fleet of cars and steps to further lower CO2 emissions.

PUSH GREENER CHOICE

We will always present a greener option for our clients to consider. If a hybrid car is priced the same, we will book the greener option.

ECORIDE CHOICE PROGRAM

Mandated by the client, EcoRide Choice is designed to always choose the eco-friendlier option on behalf of the employee.

ExpatRide can lower the client's CO2 emissions by between 30% (hybrid) and 80% (electric) with eco-friendlier options.

50 Gasoline Rental Cars

50 Hybrid Rental Cars

6,700 Trees Saved per Year

The EcoRide Impact - It's easy to make a difference! Switching 50 assignees from gasoline to hybrid rental cars on an annual basis can make a significant environmental impact.

At ExpatRide, we have years of experience with mobility and relocation support solutions for international assignees. On our www.ExpatRide.com blog and social media platforms, we share our experiences, news, and guidelines to support assignees' transportation needs.

An Essential Checklist for Leasing a Car as an Expat

7 Helpful Tips for Leasing a Car Overseas! Securing a car is usually one of the top priorities when relocating to a new country. For most foreign professionals on a two-to-four-year work assignment, car leasing makes more sense than buying a car outright. In this blog, we share a checklist to help your assignees with their leases.

Global Mobility - Transportation Plan

Our Transportation Plan revolutionizes global mobility by streamlining car transportation across continents. Developed in collaboration with clients and partners, it considers budgets, allowances, approved vehicles, and tailored solutions. Our plan covers airport transfers, rental cars, chauffeur services, expat car leasing, and armored vehicles implemented across 200+ locations on six continents.

Plan Your Job Network Success Abroad

When moving abroad, create a strong job network in your new location by tapping into your countrymen for valuable local connections. Follow the 100-day plan: listing local organizations, attending events, and connecting on LinkedIn. In the second month, focus on building relationships; in the third month, follow up with your contacts. Success awaits with a solid job network abroad.
